Annual Citywide Vallejo Open Studios (VOS) was brought to life in 2010 as a way to engage various art groups to partici-

pate in one all encompassing event.

A variety of open studios events had always taken place throughout Vallejo

and continue to do so, however during the second weekend of November, artists throughout Vallejo are encouraged to participate and either open their studios to the public or collaborate with other artists in a location of their choosing.

VOS is a fiscally sponsored 501 (c)(3) project of the Solano County Arts Council
